

About the Milford Performing Arts Center

The Milford Performing Arts Center Inc. is a non-profit organization that was founded to provide family arts to the local community. As a community organization we need to rely on the local community to help defray the increasing costs of production. Visual art, music, dance and theater are wonder expressive mediums that help support the cognitive development of our youth. Access to these activities is becoming harder as the school system modifies schedules to leave more time for academics. Youth need an expressive outlet and the Milford Performing Arts Center provides them a safe place to explore their artistic side. Please help us continue to support the youth in our area.
